- Simple to install
- Quick & easy to use
- Swift return on investment

PRODUCT OVERVIEW

PUB2ID® (Microsoft® Publisher to Adobe® InDesign®) is a plug-in for Adobe InDesign which provides a quick, easy and affordable method for you to migrate all your Microsoft Publisher 2002-2010 content into a new Adobe InDesign (CS4 or CS5) document. The conversion is enabled with a single click using the InDesign File->Open menu. No more re-creating documents from scratch; **PUB2ID®** gives you a big head-start.

PUB2ID® translates the intricate details of the content within the Microsoft Publisher document and instantly re-creates it within InDesign. Items converted from Publisher include: page size, positioning, color models, fonts and styles, text attributes and tables, layers, word wrap, linked text boxes as well as automatic extraction of images embedded in the Publisher file.

The **PUB2ID®** (Microsoft® Publisher to Adobe® InDesign®) document conversion technology will save you countless hours of scanning, re-keying and formatting. This product converts and transforms files created with Microsoft Publisher into an Adobe InDesign file on either Macintosh or Windows platforms.

Available in 1, 5 & 10 user license packs

Macintosh & Windows versions are sold separately
